## A letter from our Chairman, Denis Sparkes

As a charity our purpose is to try to provide a hall and recreation area for the benefit of the Bashley community. The current hall has been established for over 25 years and offers a wide range of activities. All proceeds from our events are put back into the hall funds. For those of you who might not have been inside the building it's quite impressive. We have a curtained stage and lighting facilities, a P.A. system as well as a useable kitchen. The hall itself is approx 225 square metres (15 x 15 approx.) and can accommodate in excess of 150 people at any one function. We have moveable seating and tables so a variety of configurations can be produced. There are facilities for providing a bar if required. We are about to embark on improving the toilet facilities using a local builder and have further upgrades in mind for the future. So if you are thinking of a family celebration etc. it is well worth speaking to our letting secretary. Our hire charges are reasonable with no hidden extras and free parking.

Although we have a committee who help organise the running of the hall we are always pleased to hear from potential new members. We are not a closed shop but open to any thoughts and ideas that might improve our offering to the residents of the Bashley area. Helpers are always welcome as it takes quite a few people to run some of the events. Over the page you will see the list of events for the rest of the year. These are in addition to the varied activities and classes that run throughout the week both daytimes and evenings. Contact points are listed on the back page of this letter for most classes. Do go get in touch or just go along and find out what's happening. Check out the notice board. You'll be very welcome at all our events.

We are also using different ways of communicating our activities such as email and Facebook etc. as well as posters and local newspapers. It is our intention to increase and vary our events in the future. Meanwhile I look forward to meeting you at one or more of our functions.

All our forthcoming events where food is served should be booked in advance. This is essential to ensure we get catering arrangements correct. Tickets can be reserved by phone, email or in person.
